Lesson Purpose

Use this workbook while completing Lesson 6. Explore beginner-friendly opportunities to use AI for learning, work, business, and earning income.

Before You Begin

- I completed Lesson 5.
- I understand the basics of AI.
- I am ready to explore AI opportunities.

My Main Goal

What AI opportunities do I want to explore?

Guided Exercise 1

List five ways beginners can use AI in everyday life or work.

Guided Exercise 2

Choose one AI opportunity that interests you most and explain why.

Guided Exercise 3

Identify three skills you would like to improve using AI tools.

Practical Activity

Use an AI tool to complete a real task (writing, planning, research, or brainstorming). Describe the results.

Prompt Practice

Prompt: "Give me five beginner-friendly ways to earn income using AI."

Key Takeaways

Write the three most important things you learned.

My Practical Action Step

What will you complete before Lesson 7?

Completion Checklist

- I completed every exercise.
- I explored AI opportunities.
- I used an AI tool for a real task.
- I am ready for Lesson 7.

Reflection

Which AI opportunity will you pursue first, and why?
