Module 1: AI Foundations

Name		Date	
AI Project		Status	■ Not Started ■ In Progress ■ Complete

Lesson Purpose

Use this workbook while completing Lesson 8. Build a practical AI learning plan with clear goals, resources, and milestones.

Before You Begin

- I completed Lesson 7.
- I understand AI fundamentals.
- I am ready to create my AI learning roadmap.

My Main Goal

What AI skills do I want to develop over the next 3–6 months?

Guided Exercise 1

List five AI skills you would like to learn and rank them by priority.

Guided Exercise 2

Write three learning resources (courses, websites, books, or videos) you will use.

Guided Exercise 3

Create three short-term goals and three long-term AI goals.

Practical Activity

Choose one AI tool and spend at least 30 minutes learning a new feature. Record what you accomplished.

Prompt Practice

Prompt: "Create a 90-day AI learning plan for a beginner interested in using AI for work and online income."

Key Takeaways

Write the three most important things you learned while creating your plan.

My Practical Action Step

What is the first action you will take tomorrow to begin your AI learning plan?

Completion Checklist

- I completed every exercise.
- I created an AI learning plan.
- I selected learning resources.
- I am ready for Module 2.

Reflection

What challenges might slow your progress, and how will you overcome them?

Next Step
