

LESSON 40 WORKBOOK

Your AI Success Roadmap

Module 5: Building an AI Career

Name		Date	
AI Success Roadmap		Status	■ Not Started ■ In Progress ■ Complete

Lesson Purpose

Bring together everything you have learned throughout the MoneyOnliners AI Academy and create a complete roadmap for achieving your AI career, business, and income goals over the coming months and years.

Before You Begin

- I completed Lessons 1–39.
- I understand my strengths and opportunities.
- I am ready to take consistent action and keep learning.

My Ultimate AI Goal

Exercise 1

Write your 90-day, 1-year, and 3-year AI goals for learning, income, career, or business.

Exercise 2

Identify the daily, weekly, and monthly habits that will help you achieve your roadmap.

Exercise 3

List the biggest obstacles you may face and describe practical strategies for overcoming each one.

Practical Success Roadmap Activity

Create your personal AI Success Roadmap. Include the skills you will master, projects you will complete, certifications to earn, clients or employers to target, income milestones, networking plans, and review dates.

Prompt Practice

Prompt: "Act as my AI mentor and accountability coach. Review everything I have learned, identify my strengths and weaknesses, and create a detailed action plan with milestones for the next 90 days, one year, and three years."
